

A Better Way to Work

Stop spending your life behind the wheel. VanStar turns your commute into a professional perk that puts money back in your pocket and time back in your day.

What's In It For You?

- **More Money in Your Pocket:** Participating in the program is a direct economic intervention that can provide the equivalent of a 21% increase in your household's disposable income.
- **Massive Personal Savings:** Commuters have reported saving approximately \$7,100 a year on gas, tires, and parking.
- **Employer-Paid Commuter Benefits:** Many regional employers provide commuter benefits, meaning your vanpool costs could be partially or fully covered. Check with your HR department to see if this professional perk is available to you.
- **The Gift of Time:** Stop fighting traffic and start relaxing — use your commute to text, read, nap, or catch up with friends while someone else handles the driving.
- **State-of-the-Art Comfort:** You aren't just riding; you're traveling in style in premium, late-model Sienna Minivans and Ford Explorers.
- **Zero-Hassle Commuting:** We provide the vehicle, the gas card, and all the maintenance.
- **The Ultimate Safety Net:** Never feel "stuck" without your car; our Guaranteed Ride Home program provides free vouchers for personal emergencies, ensuring you get home quickly even if you have to leave early or stay late.
- **Environmental Impact You Can Feel:** Your choice to vanpool is equivalent to growing 12,000 tree seedlings for a decade or saving enough energy to charge 135 million smartphones.

Your Strategic Workforce Solution

How It Works for Your Business

CONSULTATION:

Our staff works with you to develop a rideshare program customized for your specific workforce and hours.

FREE ENROLLMENT APP:

We provide a secure web portal and mobile app where employees can input their starting and ending locations to find matching routes in minutes.

DATA-DRIVEN REPORTING:

Our secure site provides your company with real-time data on employee savings and reduced emissions resulting from your specific program.

Getting your employees to work is the first step in keeping your business moving. VanStar solves transportation barriers for employers, helping you attract and retain the talent you need in a competitive market.

Why Partner with VanStar?

- **A Powerful Recruitment Tool:** VanStar is a high-value professional perk that gives you an edge in attracting talent, especially for worksites located outside the central business district.
- **Increased Employee Retention:** Reliable transportation is the backbone of a stable workforce; when your employees have an economical and timely way to get to work, they stay with you longer.
- **Zero-Friction Implementation:** Our regional rideshare program is easy to set up, provides a free app for easy enrollment, and can be fully implemented in just a few weeks.
- **Reduced Parking Demand:** By removing the equivalent of 280 passenger vehicles from roads for a full year, we help you significantly reduce the demand for worksite parking.
- **A “Green” Corporate Image:** Partnering with VanStar projects a sustainable image for your company, helping you stay true to your environmental mission.
- **Local Economic Stimulus:** Every dollar your employees save circulates back into the local economy, generating an estimated \$1.1 million in multiplier effects.
- **Regional Environmental Leadership:** Your partnership helps eliminate over 3 million vehicle miles and 2.4 million lbs of greenhouse gas emissions annually.
